Los Rios Community College District
Positions Requiring Hepatitis B Acceptance or Declination Form *and* Annual Bloodborne Pathogen Exposure Prevention Training

Below are positions which have been identified as having Occupational Exposure with blood or other potentially infectious materials. Occupational Safety and Health Administration (OSHA) requires that employees in these positions are to submit an Acceptance or Declination Form and complete an annual Bloodborne Pathogen Exposure Prevention Training with Los Rios Community College District. If you feel that your position should be on this list, please feel free to contact our Risk Management Office at (916) 568-3189.

If your position is listed below you will need to:

FIRST– print out and complete the Hepatitis B Acceptance or Declination Form at:
https://employees.losrios.edu/docs/lrccd/forms/gs/gs-178.pdf– submit to your supervisor (this form will be forwarded to Human Resources to be placed in employee's Personnel file).

SECOND – follow the "Instructions for Accessing the Bloodborne Pathogen Exposure Prevention Training" at the bottom of this page and complete the training within 30 days of your hire date.

Instructions for Accessing the Bloodborne Pathogen Exposure Prevention Training

From your work or offsite computer:

Go to Keenan SafeColleges Training website: https://losrioscd-keenan.safecolleges.com/login

1. **Log In**
   You will see the login screen once you have followed the above step. You will **not** need to register. Log in to the training site with your username. Your username is your Los Rios seven (7) digit employee ID number. Please include all leading zeros and **DO NOT** use a "W" as part of your username, e.g. 0000001. Click on the blue "LOG IN" button. You will come to the Welcome page, leave the password blank and click the "Log In" button.

2. **Find the Course**
   You will see a listing of active courses for the Los Rios Community College District. The required Bloodborne Pathogen Exposure Prevention (Full Course) is located under the "Staff having Occupational Exposure with Blood or Other Potentially Infectious Materials – Required Training" category.

3. **Take the Course**
   Select and start the Bloodborne Pathogen Exposure Prevention (Full Course) course. Read the information provided about the course. You must complete each module listed in order to successfully complete the course. When you have completed the full course, you will have an option to print a certificate for your records.
