#### Decisions

1. The committee approved the attached revised draft of the **2014 – 2015 Academic Calendar** for review by the colleges. Unless a major concern is raised during the review that would necessitate the committee reconvening, a final committee vote to recommend the **2014 – 2015 Academic Calendar** will be conducted by email vote.
  - Since the July 4, 2014 holiday falls on a Friday and Fridays are not considered instruction days in the summer and the summer session has a total of 35 days the final day of the summer term will be on a Wednesday rather than a Thursday.
  - In keeping with its recommendation last year to observe Veteran's Day on the actual November 11 date, the committee is recommending the 2014 Veteran's Day Holiday will fall on Tuesday, November 11, 2014.
2. Next steps: Once the committee approves a final draft of the calendar, it will be placed on either the November or December Board of Trustees Agenda for Board action.
