

Week 6 Recap

Spring 2020

Week 6 Meetings

Monday February 24th

- Unscheduled Phone Conversation with Nye and Oliver approx. 11:00am
 - DO-IT will be activating cross enrollment in the CVC Exchange in time for 2nd 8-week enrollment. This means students from Foothill and DeAnza will have the opportunity to enroll in courses at the end of the enrollment time, during open enrollment. DO-IT is considering this a 'soft rollout' to see how things work before cross enrollment is available for summer and fall. This is all a part of the cohort all four Los Rios College joined when joining the CVC Exchange.
- Articulation Officers & Curriculum Committee Chairs meeting with Oliver regarding GE course Articulation Project 1-2pm DO Chancellor's Conference Room
 - Each college AO & Curriculum Chair team took on various departments and will start working on reviewing the CORs and communicating with impacted department faculty to attempt to reach articulation alignment for these classes. They are starting with courses that are taught online at any college which have articulation inconsistencies. This may be considered phase one of the project, which overall will take a long time (years because of the time frames for UC and CSU articulation processes).
