

In regard to the DAS Constitution and Bylaws more discussion is needed for the following topics:

- Defining roles of members of DAS (local senate reps and ex officio reps), not just officers.
- Clarifying 'on duty' during breaks. What exactly does 'on duty' mean? Including any compensation.
- DAS President Appointment:
 - Concern about a single college being able to appoint a DAS President without confirmation or approval of all of DAS. What if someone is appointed by a college who the other campuses do not support?
 - Should the DAS President-elect be determined earlier and not so late in spring semester?
 - Is a set rotation the best plan? What if there is someone else more suited to serve? Should the rotation continue or move to a nomination/election process?
- Need to think through how many colleges need to be on board with an item for it to be considered DAS approved-all four colleges, a majority, just two colleges. Is that determined by individual voting, college voting, consensus, local colleges must approve first, etc.?
- Quorum, is 9 total with one from each college working for folks? Robert's Rule = 50% plus 1
- Clarification of when and if DAS President has a vote.
