XII. Discussion Items

A. Informing developers more clearly about the collaboration request process

There was a request that the curriculum chairs be included in the email when a

collaboration request is launched. Otherwise, the warning to developers seems sufficient.

- B. Public-facing course and program outlines
Do we want our website linked on CIAC? AOs will discuss and Shannon will report to SAG.
- C. Making the Articulation Officer position more permanent
This position is handled differently at each college. The DCCC chair, Bill Simpson will include the information below in the next DAS report.
 - DCCC supports 100% for AOs across the district and we need to know next steps to pursue.
- D. Equivalent course question for DCCC
If the course lec/lab hours are different are they still equivalent? The consensus seems to be yes, if the content is the same. Will these questions continue to come to DCCC? Yes.
