Frank Kobayashi	DO-AVCI		Guest: Paula Cardwell	DAS	x
Guest: Kevin Wong	DOIT	x	Guest: Leslie Reeves	FastTrack	x

### **Welcome & Announcements**

The zoom meeting was called to order at 3:00p. and the committee was welcomed by the faculty co-chair. An announcement was put into chat related to DAS chartering an AI Task Force and a need for volunteer members from Ed Tech. Several committee members indicated they'd be willing to participate on this newly formed group.

### **Approval of Agenda and March Notes:**

The agenda for the day and notes from the March meeting were approved.

### **Informational Updates:**

- DOIT & LMS – the migration of Canvas & Zoom to OKTA will occur June 2<sup>nd</sup> after grades are posted.
- AVCI – no updates.
- IAC – Instructional Accessibility Committee – the Accessibility Capability Maturity Model (ACMM) has been approved by campus groups and will move to the VPI/VPSS agenda on May 1<sup>st</sup>, then to Chancellor's Exec.
- CVC-OEI FastTrack – updates were provided.
- Library – update on the library activities throughout the district was provided.
- College Updates were provided as noted in the notes on the agenda. Summer coverage will be minimal, but should be able to be covered by DOIT.

- Online Grading System (OGS) – continued discussion of the OGS including how the process will be governed with DAS President indicating that Ed Tech is the appropriate place for this to be discussed. The governance/structure of this will be on the May agenda for Academic Senate. A survey to faculty at the conclusion of grade inputting would be good to see where improvements could be made. The possibility of work during the summer was noted, and the possibility of providing an ESA to participating faculty will be researched.

### **Future Agenda Items**

- Zero Textbook Costs – could a popup related to ZTC be installed so students can access the information easier? (Cardwell)
- LTI Canvas Integration with new Caption vendor (Mendell)
- Notes in class schedule and how students need to click through them...Title 5 requirement – popup or checkbox to indicate they have read/reviewed the information. Submitted to IT Service Central in the past. (P.Bimbi)
- DSPS Idea – streamlining continuing updates
- Canvas/SLO/Common Core numbering Continuing Discussion (N.Lorenz)
- Continued discussion on OGS.
- Discussion of Yuja

Adjourned at 3:46p
