Chancellor's Message

The Governor's May Revision presents a more favorable fiscal outlook than many anticipated at the beginning of the year. Stronger-than-expected state revenues have improved California's budget picture and resulted in additional investments for public education, including California Community Colleges. While state leaders continue to caution that much of this improvement is tied to volatile revenue sources, the May Revision provides greater funding stability and planning certainty for districts throughout the state.

For Los Rios, the most significant impact is the proposed increase in the Student-Centered Funding Formula Cost-of-Living Adjustment (COLA) from 2.41% to 4.31%, along with continued enrollment growth funding and additional flexible resources to support students. These investments help offset rising operating costs, strengthen our ability to invest in student success, and provide greater flexibility as we continue serving a growing number of students across our colleges and educational centers.

The May Revision also includes several policy proposals that could have long-term implications for community colleges, including a new statewide paid pregnancy disability leave benefit for employees. While the goals of supporting employees and expanding workplace benefits are important, districts will continue evaluating the fiscal and operational impacts of these proposals as the state budget process moves forward. As with any significant policy change, Los Rios will continue monitoring the final budget agreement and related legislation to better understand the long-term effects on operations and resources.

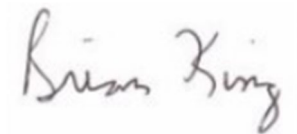

Fortunately, Los Rios enters this period from a position of strength. Through years of thoughtful planning, prudent financial management, and responsible stewardship of public resources, the district has maintained strong reserves, managed uncertainty effectively, and

positioned itself to respond to changing economic conditions. This success is made possible by the strong leadership of our Board of Trustees, collaborative relationships with our labor partners, and a shared commitment to balancing today's priorities with the district's long-term financial health. Together, these efforts have allowed us to remain focused on our mission while continuing to invest in students, employees, facilities, technology, and educational programs.

Our enrollment continues to grow, student outcomes are improving, and demand for our programs remains strong throughout the region. These trends reflect the dedication of our faculty, staff, and administrators, who work every day to support student success and strengthen our communities.

That same commitment to collaboration, planning, and long-term sustainability is reflected in our innovative Bucket System for employee compensation. The Bucket System provides a transparent framework for allocating new revenues in a way that supports employees while preserving the district's fiscal stability. By balancing investments in compensation with other operational needs and obligations, the system helps ensure that Los Rios can continue delivering on its commitments to both employees and students for years to come.

As we prepare for the 2026-27 fiscal year, Los Rios remains financially stable, strategically focused, and well positioned for the future. While we will continue monitoring the final state budget and any related policy changes, we are confident in our ability to navigate future challenges while continuing to expand opportunity and support success for the students and communities we serve.

Executive Summary

INTRODUCTION

The Los Rios Community College District is a two-year public college district that serves the greater Sacramento region totaling over two million residents. Los Rios comprises four separately accredited colleges: American River, Cosumnes River, Folsom Lake and Sacramento City serving students at their main campuses as well as education centers in Davis, Elk Grove, Natomas, Placerville, Rancho Cordova and West Sacramento. The colleges offer AA/AS degrees, certificates and transfer education opportunities. The District's 2,400 square mile service area includes Sacramento County, most of El Dorado County and parts of Yolo, Placer and Solano counties. Over 65,000 students enroll in our colleges during our primary terms.

The District's annual budget is an important element in communicating to the District's constituents and one of the most significant responsibilities and requirements for a community college district. The budget outlines the utilization of available financial resources and serves as a planning document for the year.

The budget process for the upcoming fiscal year begins in January with the release of the Governor's proposed budget. The January proposal reflects the Governor's goals and objectives for the coming year and highlights significant issues, policies, and initiatives of the Administration.

For community colleges, the January proposal similarly reflects the Governor's vision for the system by linking funding to initiatives that are a priority for the Governor shaped by input from the Board of Governors' annual budget request.

At the May Revise, the Governor updates his initial proposal to reflect changes in projected revenues. Appropriations may change as the result of dialog with the State's legislative bodies and constituent groups following the January proposal. With the issuance of the May Revise, the legislature begins its final budget process which, by law, requires a budget by June 15th for the Governor to sign by June 30th.

As the state dictates to a significant extent the manner of how funds are earned and expended, a district's budget is almost entirely contingent upon the adoption of the State Budget Act.

Executive Summary

STATE BUDGET OVERVIEW

ECONOMIC PROJECTIONS

The 2026-27 California May Revision projects a weaker near-term economic outlook, despite stronger-than-expected performance in 2025. U.S. real GDP is projected to grow 2.1% in 2026, but growth is expected to slow during the year as higher energy prices, tariff-related costs, and continued uncertainty reduce consumer purchasing power and business investment.

For California, the key concern is slower income and job growth. Personal income growth is projected to slow to 4.1% in 2026, while nonfarm payroll employment is projected to be essentially flat. California inflation is projected to rise to 4.1% in 2026, which may weaken consumer demand and place additional pressure on state revenues.

REVENUE PROJECTIONS

On May 14, 2026, Governor Newsom released his May Revision budget proposal for the 2026-27 fiscal year, which reflects state expenditures of \$349.9 billion, an increase of about 8.8% from the 2025-26 enacted budget. General fund outlays increased by about 8% to \$246.6 billion.

The May Revision reflects a stronger revenue outlook than January, with estimated General Fund revenues from the “Big Three” sources, personal income tax, corporation tax, and sales and use tax, \$16.5 billion higher over the three-year budget window. Most of that increase is from personal income tax, driven largely by stronger capital gains-related receipts in 2025.

The state’s revenue outlook remains sensitive to stock market performance, high-income taxpayer activity, inflation, interest rates, tariffs, and broader federal and geopolitical uncertainty. These conditions support a cautious budget approach and reinforce the need to avoid overcommitting ongoing resources based on short-term revenue improvements.

PROPOSITION 98 PROJECTIONS

The Proposition 98 guarantee for K-14 education is projected at approximately \$127.1 billion in 2026-27, reflecting a 1.3% increase from the January proposal due to improved revenue assumptions. Community colleges are projected to receive approximately \$14.3 billion in Proposition 98 funding.

The Governor’s budget proposal continues to prioritize maintaining ongoing educational programs while repaying prior funding deferrals. The budget includes full repayment of the \$408.4 million community college apportionment deferral from 2025-26, improving cash flow stability for districts statewide.

Although the Proposition 98 outlook improved relative to earlier projections, the state’s education reserve balances remain significantly reduced following recent budget actions. As a result, future Proposition 98 funding levels remain highly sensitive to economic performance and state revenue collections.

Executive Summary

CALIFORNIA COMMUNITY COLLEGES PROPOSALS

For the California Community Colleges, the 2026-27 May Revision provides a 4.31% COLA (\$438 million) for the Student-Centered Funding Formula (SCFF), which includes the statutory COLA plus an additional discretionary augmentation associated with Assembly Bill 65, which provides employees with up to 14 weeks of paid pregnancy disability leave. The May Revision also maintains the Governor's Budget proposal to fund an additional 1% enrollment growth in 2025-26, along with \$33.9 million to fund 0.5% growth in 2026-27.

Other notable items in the May Revision include a 2.87% COLA for select categorical programs and one-time investments of \$120.7 million for deferred maintenance projects, \$100.6 million for a Student Support Block Grant, and \$100 million to expand K-12 college and career pathway partnerships.

IMPLICATIONS FOR LOS RIOS

The May Revision includes enrollment growth funding; however, the District's projected enrollment growth continues to exceed its funded allocation, resulting in significant FTES remaining unfunded in 2026-27.

While the May Revision does not include the ongoing deferred maintenance funding requested by the community college system, it does maintain the January proposal of \$120.7 million one-time for deferred maintenance and special repair projects. Based on prior statewide allocation methodologies, Los Rios is estimated to receive approximately \$4 million for deferred maintenance projects.

The May Revision also includes \$100.6 million one-time for a Student Support Block Grant to provide flexible funding to districts. This represents an additional installment following the \$60 million provided in 2025-26. Los Rios is expected to receive approximately \$4.4 million and will have until June 30, 2030, to expend the funds.

REVENUE ASSUMPTIONS

The District's budget process uses three potential revenue assumptions. The X budget reflects the District's base expenditure plan and assumes no enrollment growth, which is the more conservative estimate. The Y budget assumes 2% growth, while the Z budget assumes 4% growth. The District budgets at the Z budget level.

Under the SCFF, a district's FTES allocation is determined by funded FTES rather than the total number of students served. The May Revision includes only 0.5% systemwide enrollment growth funding for 2026-27. Although Los Rios is expected to receive an above-average share of the statewide growth allocation due to enrollment declines at other districts, projected enrollment growth still exceeds the District's funded allocation, which will result in some FTES remaining unfunded in 2026-27.

Any FTES above the funding cap will not generate apportionment revenue and, under SCFF rules, will not be included in the District's funded three-year FTES average used in future calculations, resulting in an ongoing structural revenue loss. As a result, the computational revenue assumptions for all three budgets are adjusted to account for this potential unfunded growth.

Historical Overview

The Los Rios Community College District was formed in 1965, 61 years ago, because of the consolidation of ten separate K-12 “feeder” districts. At the time of its organization, the District consisted of two colleges: Sacramento City College and American River College. In 1970, the California Community College Board of Governors (BOG) and California Post-Secondary Educational Commission (CPEC) approved the creation of Cosumnes River College serving the southern portion of the District. In February 2004, Folsom Lake College achieved college status.

In 2015-16, Folsom Lake College’s Rancho Cordova Educational Center was approved by the Board of Governors. With that approval, the District achieved the completion of its plan for educating a region. There are now six official centers: Folsom Lake College’s El Dorado and Rancho Cordova Centers, American River College’s Natomas Center, and Sacramento City College’s Davis and West Sacramento Centers, Cosumnes River College’s Elk Grove Center. In addition, American River College operates the Sacramento Regional Public Safety Training Center (SRPSTC). Although not an official center, the SRPSTC offers basic academy and in-service training in law enforcement, fire, and other public safety areas. The District’s facility master plans include future expansion of its centers.

With over 69,000 students enrolled during our Fall 2025 semester, the District is the second-largest community college district in California and one of the largest in the nation.

Covering nearly 2,440 square miles, the District operates in five contiguous counties including Sacramento County, El Dorado County, Placer County, Yolo County, and Solano County. It encompasses the Cities of Sacramento, Elk Grove, Davis, Folsom, West Sacramento, Rancho Cordova, Citrus Heights, and various other Sacramento County municipalities.

In recent years, the District has undergone a great deal of change. We have experienced shifts in economics, demographics, substantive business process modifications, and changes in ways we deliver educational programming. In light of all this, the Los Rios Community College District is proud of its past and very optimistic about its future.

Values, Vision, Mission and Goals

In the Spring of 2022, members of the Chancellor’s Cabinet, which includes leadership representatives from all constituency groups in Los Rios, voted to reaffirm the five strategic goal areas from our 2016-2021 Strategic Plan. Following the reaffirmation and during the 2023-24 academic year, faculty staff and students at each college reviewed and updated the college’s strategies for each goal area. Additionally, the District Research Council, with representatives from each college, came together to develop measurable metrics (Indicators of Achievement) for each goal area. For the current plan, which guides the District through 2026-27, the planning process involved looking at where we are and where we want to be as a community college district. The 2026-27 Strategic Plan provides a thoughtful vision of the future of Los Rios. The vision centers on promoting student access and equitable achievement through several initiatives that will be measured toward specific goals for improvements.

CALIFORNIA COMMUNITY COLLEGES’ MISSION

The mission of the California Community Colleges is to provide high quality, lower division instruction for students who wish to obtain associate degrees, transfer to a baccalaureate institution, or prepare for an occupation as well as the provision of remedial English as a Second Language (ESL) and literacy instruction to all who require those services.

Primary missions of the colleges are to offer academic and vocational education at the lower division level for recent high school graduates and those returning to school; and to advance California’s economic growth and global competitiveness through education, training, and

services that contribute to continuous workforce improvement. Essential functions of the colleges include: developmental instruction, English as a second language, adult noncredit instruction, and providing support services that help students to succeed. Fee-based Community Service education is designated as an authorized function.

By law, California Community Colleges are required to admit any resident with a high school diploma or equivalent and may admit anyone who is capable of benefiting from the instruction offered.

LOS RIOS COMMUNITY COLLEGE DISTRICT VISION

Like all plans, a vision builds upon past successes, but it does much more. The Los Rios Community College District coordinates our district and college planning activities by establishing a flexible framework of goals and directions to support innovative planning at each college and unit within the District. The mission and vision for the District are as follows:

MISSION STATEMENT

The Los Rios Colleges provide a vibrant learning environment that empowers all students to achieve their educational and career goals.

VISION STATEMENT

To transform the lives of students and enhance the vitality of our region. In order to achieve its mission, the District has identified and embraced five strategic goals which serve as the guidelines that our colleges, centers, and offices will use in developing their own strategies for achieving our vision.

Values, Vision, Mission and Goals

OUR FIVE STRATEGIC GOALS

1. Establish effective pathways that optimize student access and success.
2. Ensure equitable academic achievement across all racial, ethnic, Socio-economic and gender groups.
3. Provide exemplary teaching and learning opportunities.
4. Lead the region in workforce development.
5. Foster an outstanding working and learning environment.

Lifelong Learning: We encourage a limitless spirit of openness and intellectual curiosity as enduring pursuits.

Student Support and Services: We promote a safe and supportive environment that serves the individual learning needs of all students.

Employees

Safe and Secure Work Environment: We embrace an accepting, inclusive and nurturing work environment that is free of threats and intimidation.

Professionalism: We encourage, promote, and support the continuous professional development of all employees, acknowledging their unique contributions to creating a collegial workplace that is diverse in composition and thought.

Well-Being: We believe in a work-life balance and support the physical, mental, and emotional well-being of our staff and faculty.

Diversity

Building Community: We recognize that diverse backgrounds and perspectives contribute to the Los Rios District's strength as a dynamic, inclusive educational community.

Relationships

Mutual Respect and Consideration: We believe effective working relationships are central to achieving our Mission and employ an interest-based approach to solving problems through collaboration, empathy, mutual respect, and integrity.

VALUES

These core values serve as the foundation upon which the District operates. Our values guide and inspire how we manage the Los Rios District, interact with our students, colleagues and community, and establish programs that promote student success.

Students Are Our Highest Priority

Student Access: We are committed to providing educational opportunities that serve the needs of the greater Sacramento region's diverse population.

Student Success: We support our students' efforts to achieve success in their educational and career goals and as contributing members of society.

Values, Vision, Mission and Goals

Participatory Governance

Encouraging the Contributions of All Our Members: All members of the Los Rios community have the ability to contribute to our organizational success and are encouraged to do so.

Informed, Collaborative and Integrated Decision-Making: We value informed decisions made by people with diverse perspectives who are close to the issues.

Community

Serving the Community: We address the cultural, economic, and social needs of the region by building meaningful connections between our colleges and their communities.

Academic Excellence

Quality: We strive to deliver the highest quality programs, services and activities.

Academic Rigor: Los Rios' educational standards emphasize critical thinking and writing, analysis and excellence in educational experiences, stimulating faculty members to challenge themselves and their students in an atmosphere that inspires thoughtful teaching and learning.

Academic Integrity and Freedom: Los Rios is committed to academic integrity and embracing forthright, honest and ethical behavior.

Equity

Social Justice: We acknowledge and embrace our responsibility to empower underrepresented segments of our community and to ensure that all populations have the same access, support and opportunities to succeed.

Sustainability

Building a Culture of Sustainability: The Los Rios community is a wise steward for all its resources, protecting, preserving and nurturing its people, its environment, its property, its capital and its educational programs.

Innovation

Fostering Innovation and Responsible Risk-Taking: Los Rios supports and invests in change that increases the effectiveness of our programs, the productivity of our work and the successful outcomes of our students.

Integrity

The Highest Ethical Standards: Los Rios values integrity, transparency, accountability, honesty and professionalism, both in the workplace and the classroom.

2026-27 Strategies

During the coming year, the District will continue to implement the specific strategies in the plan. Part of the implementation process is the identification of resources necessary to support those efforts.

Board of Trustees / Chancellor

GOVERNANCE

The Los Rios Community College District is governed by seven elected Trustees of the Board. The responsibility of the Board of Trustees is to represent the constituents of the District. Primary responsibilities include developing policies to administer the District to oversee budgetary decisions. Board positions are assigned to a specific area of the District and trustees are elected by constituents within the local trustee boundary. Members are elected to alternating four year terms and are not subject to term limits.

The Los Rios Board of Trustees meets on a monthly basis. Business meetings are conducted the second Wednesday of each month generally in the District Office Board Room located at 1919 Spanos Court, Sacramento, California. Citizens are welcome to attend these public open meetings.

In January, 2026, the Los Rios Board of Trustees selected Torence Powell, Ed.D., to be the next Chancellor of the Los Rios Community College District. Dr. Powell replaced Brian King, who will retire in June 2026 after nearly 14 years as Los Rios Chancellor. Dr. Powell, who previously served as the President/Superintendent of Napa Valley College, was selected from a nationwide search and is known, among other accomplishments, for building strong relationships with regional employers. The budget is a reflection of the budget priorities set in place by the Los Rios Board and Chancellor.

As Chancellor, Dr. Powell's primary responsibilities will include overseeing the educational and financial programs of the District to ensure compliance with Board adopted policies and State laws and requirements. To this end, he oversees over 2,500 certificated and over 1,600 classified full-and part-time employees.

Organizational Chart

Budget Calendar

The California Code of Regulations outlines the timelines and requirements for publication and availability of California’s community college districts’ budgets. These requirements include the scheduling for adoption of a district’s tentative budget on or before July 1 and subsequent adoption of a final budget on or before September 15. Prior to the adoption of the final budget, a public hearing must be held, as well as a publication of the hearing indicating the availability of the budget for public review.

Annually, the District establishes a budget calendar to comply with code requirements as well as to develop an orderly timeline for development of the District’s budget consistent with its goals and priorities. The District’s adopted budget is scheduled for presentation on September 9, 2026. While the official budget cycle commences with the Governor’s January Proposal, the process of developing a community college district budget is one that must be addressed by the Board and Administration throughout the year.

The following budget calendar has been utilized for preparation of the 2026-27 budget:

January 10 - May 8	<u>Budget Development</u> – Based upon Governor’s January proposal.
May 11 - June 4	<u>Budget Refinement</u> - For preparation of the District’s Tentative 2026-27 Budget based upon the Governor’s May Revise.
June 10	<u>Governing Board Meeting</u> – Update/ review of tentative budget proposed for adoption. Adoption of 2026-2027 tentative budgets.

September 1	<u>Newspaper Publication</u> - Publication of availability of budget. (On or before but not less than three days prior to availability of proposed budget for public inspection).
After September 4	<u>Public Accountability</u> - Proposed budget available for public inspection.
September 9	<u>Public Hearing</u> - The Governing Board shall hold a public hearing on the budget at which time any changes proposed shall be presented.
September 9	<u>Governing Board Meeting</u> A) Update/review of 2026-2027 budget proposed for adoption. Update/review of 2025-2026 financial status. B) The Governing Board adoption of the 2026-2027 budget. (On or before September 15).
On or before September 30	<u>Transmittal to State Chancellor’s Office and County</u> - The District shall submit two copies of its adopted annual financial and budget report to the State Chancellor’s Office and the appropriate county officers for information and review.
November/December	<u>Governing Board Meeting</u> - Governing Board review of 2026-2027 District Program Development Funds.
January/February	<u>Governing Board Meeting</u> - Budget Modification (Revision #1).
June 2027	<u>Governing Board Meeting</u> - Final Current Year Budget Modification (Revision #2).

Summary of District Funds

FUND ACCOUNTING

California's community colleges utilize governmental accounting and operate on a uniform fund structure. A fund is a self balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein. Funds are segregated for the purpose of carrying on specific activities or obtaining certain objectives in accordance with special regulations, restrictions or limitations. Generally, funds are established to account for revenues and expenditures with common purposes and activities.

In addition to using the governmental fund accounting approach, the Los Rios Community College District, as specified by the California Community College Chancellor's Office, uses the Business Type Activity (BTA) model for financial statement reporting. The BTA model is defined in the Governmental Accounting Standard Board's (GASB) Statement No. 35.

The District's financial statement reporting is on a full accrual basis. However, certain types of financial reporting, such as depreciation of fixed assets, are reported only in the enterprise funds for the fund statements in this presentation. All other funds are presented using the modified accrual basis. In 2026-27, the District will utilize the following funds to account for its various programs, revenues and expenditures:

General Fund: The primary operating fund of the District. It is used to account for the basic educational programs and ordinary operations of the District including instruction, student services, administration, and maintenance and operations. Restricted programs for similar activities are also recorded in the general fund as are instructionally-related activities, a sub-fund of the General Fund used to account for local revenues and expenditures generated in support of co-curricular activities.

Child Development Fund: Utilized to operate the District's preschool programs, primarily funded by State and Federal contracts and entitlements as well as parent fees.

Capital Projects Fund: Utilized to account for the acquisition and/or construction of major capital facilities in the District and significant capital equipment purchases as well as scheduled maintenance and special repairs projects.

Bond Projects Fund: Utilized to account for revenues and expenditures for the District's Measure M General Obligation Bond Program. Revenues include bond proceeds as well as interest derived from those proceeds before expended. Expenditures are for capital improvements identified in the ballot measures.

Debt Service Fund: Utilized to account for the accumulation of resources for the payment of general long-term debt.

Bond Interest and Redemption Fund: Utilized to account for the receipt and expenditure of property taxes levied for the payment of principal and interest for outstanding general obligation bonds of the District.

Internal Service Fund: Utilized to account for the District's self-insured program, including workers' compensation, dental, property and liability.

Enterprise Funds: Utilized to account for the District's Regional Performing Arts (Harris) Center operations, including revenues and expenses. The enterprise funds operate on a full accrual accounting basis.

Summary of District Funds

Financial Aid Fund: Utilized to account for Federal and State financial aid programs for students.

Fiduciary/Student Association Fund: The Student Association Fund is utilized to account for monies held in trust by the District for organized Student Body Associations (excluding clubs) established pursuant to Education Code §76060. In a multi-college district such as Los Rios, the fund may be established for each college's student body.

Foundation Fund: Utilized to account for the activities of the District's 501(c)3 IRS recognized Foundations, for which the District is the accounting/fiscal agent for the organization.

Scholarship and Loan Fund: Utilized to account for such gifts, donations, bequests and devices to be used for scholarships or for grants and aid or loans to students. The scholarship and loan fund excludes categorical governmental monies and their required matches, which are recorded in the financial aid fund as Los Rios, the fund may be established for each college's student body.

Retiree Benefits Fund: Utilized to account for monies that have been set-aside for future STRS and PERS increases.

Notes:

Other Post Employment Benefit Trust: Not contained herein but noted, the District has established an irrevocable trust for assets designated for the provision of health benefits for retirees of the District. Per Generally Accepted Accounting Principles, the assets of an irrevocable trust are not reported in the sponsoring entity's financial statements.

SIGNIFICANT BUDGET AND FINANCIAL POLICIES

The following are some of the significant budget and financial policies that govern the development of the District's budget. For certain items, additional detail is provided in other parts of the narrative.

Primary revenue source: The District's budget is primarily dependent upon the funding provided to it via the annual budget of the State of California. Although property taxes and enrollment fees are part of the District's total revenue, the District has no control over the level of those revenues. Except for special assessments, such as a general obligation bond tax, property tax assessments are regulated by Proposition 13 passed in 1978. The level of enrollment fees is established by the State. The State-established revenue level for the District considers that property taxes and enrollment fees will offset their commitment and therefore the District does not retain any taxes or fees. Rather, State apportionment is netted against those two sources. However, if either property taxes or enrollment fee receipts are below projections in the State budget, the State does not backfill with additional apportionment unless special legislation is enacted.

Summary of District Funds

Growth funding: Another aspect of the limitations placed on the District's ability to project and plan for more than one budget year is how the State determines and then funds student growth. Districts are not entitled to funding based upon the actual growth achieved but on a complex formula that limits based upon available resources.

Designation of nature of funding sources as continuing or one-time-only (OTO) in nature: An important element in the development of the budget is the distinction between whether a source of funding will be provided on an on-going basis (continuing) or whether it is a one-time source. The District is careful in determining the nature of the source to ensure a match of like appropriations to avoid funding an on-going cost without a corresponding resource.

The Fifty-Percent (50%) Law: Contained in the Education Code, this law requires that 50% of the current expense of education be for classroom instructional salaries and benefits. Financial penalties may be assessed for districts that fail to meet this requirement. Monitoring commitments of funds is essential to ensure a balance between classroom salaries and benefits and all other operating costs in the development of the budget.

Full-time Faculty Obligation: The number of full-time faculty employed by districts is governed by State regulation. Districts are required to maintain full-time faculty positions at an established level that is increased each year by the level of funded growth. As with the 50% law, failure to comply may result in financial penalties and districts must ensure new positions are funded relative to funded growth.

General Fund Reserves: The Chancellor's Office has recently updated its recommendation, suggesting that community college districts maintain a General Fund reserve equivalent to at least two months of total operating expenditures. In addition, District Board Policies require the District maintain a 5% uncommitted contingency reserve. The required amount is based upon total projected unrestricted revenues.

GANN Appropriations Limitation: Under the guidelines set forth by Proposition 111, the annual appropriations limit will not exceed a base year adjusted by the change in population of the City or the County combined with either the change in California per capita personal income or the change in the local assessment roll due to local non-residential construction.

Budget and Accounting Manual (BAM): This manual issued by the System Office carries the force of regulation and prescribes the fund, account, and activity reporting structure for all districts in the State. Financial information contained in this document is presented in compliance with the budget and accounting manual.

Student Attendance Accounting Manual (SAAM): This manual, also issued by the Chancellor's Office and carrying the force of regulation, provides direction for compliance with Education Code and Title 5 regulations for determining student residency and reporting student attendance. As full-time equivalent students (FTES) is the primary determinant for State funding, compliance with the SAAM is critical to ensure accurate attendance and hence financial reporting. Only resident students of the State of California may be claimed for State funding. Non-resident students must pay tuition to cover the cost of education. The determination of non-resident tuition rates is also governed by State regulation.

Summary of District Funds

Collective Bargaining Agreements: The District has four represented employee groups: faculty (LRCFT), classified support (LRCEA), classified maintenance and police (SEIU), and supervisors (LRSA). In addition, two other groups (management and confidential), though not represented, receive compensation improvements consistent with the formula contained in the contracts of the four represented groups. The compensation formula designates eighty percent (80%) of defined new revenues of the District to fund compensation and other improvements. The other twenty percent (20%) is directed to operational costs. These agreements drive a large portion of the budget development in terms of directing where new funds will be committed.

Instructional Staffing: The single largest component of the General Fund budget is instructional staffing. The District closely monitors the allocation and use of instructional staffing and sets a productivity goal (students per class) for each college to try to maximize access for our students while keeping a handle on costs.

Other Staffing: Counselors are staffed per formula at a ratio of one counselor for every nine hundred students (1:900). The staffing level does not consider any funding source other than general purpose. When all funding sources, including categorical, are considered, the actual ratio has historically been around 1:600. Other faculty and new classified and management positions are not driven by an established formula, but have historically tracked to the District's growth. Funds are set-aside in the budget process to accommodate new positions as a result of growth.

Other Post-Employment Benefits (OPEB) and other employment related liabilities of the District: The District provides a fixed monthly amount to eligible retirees toward their healthcare costs and has funded its OPEB obligation since 1986. In 2007-08, the District established the OPEB trust to irrevocably designate assets for funding this benefit. The OPEB trust ended 2024-25 with \$174.5 million in funding, well in excess of the total OPEB liability of \$140.7 million. The total OPEB liability is measured at June 30, 2024, using assumptions of bi-annual increases of 9.0% and annual investment returns of 5.75%. The bi-annual increase aligns the timing of any benefit improvements with the actuarial results. The annual budget includes a continuing line item to fund the service cost although that contribution could be suspended given the over-funding. However, by continuing to make contributions, the projections indicate that the OPEB trust could withstand a significant market correction and still be fully funded for its OPEB obligation. The District is also fully funded for the vacation liability accrued to its classified and management employees and the liability for paid leave of faculty under a banked leave program.

Other regulations that govern budget development: Some line items in the budget are due to legislative mandates. For example, Proposition 20 restricted a certain level of lottery funds to be used only for the purchase of instructional/library materials. Most employees are members of either the State Teachers' Retirement System (STRS) or the Public Employees' Retirement System (PERS) and employer contribution rates are established either by statute or through PERS Board action. Sufficient budget must be provided to ensure compliance with recycling laws, emergency preparedness, and other important mandates although no funding is provided by the State to support District efforts.

Summary of District Funds

2025-26 REVISED BUDGET & 2026-27 TENTATIVE BUDGET- DISTRICT FUNDS

Several funds are utilized to categorize revenues and expenditures designated for specific purposes. Following is a summary of all the District funds with activity in either 2025-26 or 2026-27 followed by schedules for each fund showing planned activity.

General Fund: The primary operating fund of the District, General Fund revenues consist of general purpose and restricted. Appropriations cover delivery of the District's instructional program and student services as well as the administrative support for those programs. More detailed information regarding revenues and appropriations is found in the General Fund Summary and Detail sections of this book.

Child Development Fund: Utilized to operate the District's preschool programs funded primarily by state and federal contracts as well as fees for childcare programs. During 2009-10, Folsom Lake College discontinued its program. The programs at the other three colleges are accounted for in this fund. The operations are expected to be self-sufficient, with revenues covering the expenditures incurred for the operation of the program. However, state reimbursement rates have lagged relative to costs requiring support by the colleges and District.

Capital Outlay Projects Fund: Utilized to account for the acquisition and/or construction of major capital facilities in the District as well as much of the District's expenditures for equipment. Major capital facility acquisitions and improvements appropriated in this fund are not funded from the District's Bond proceeds, but rather, State Capital Outlay funds. Equipment expenditures are also primarily from the carryover of State allocations for instructional equipment and library materials.

Other sources are funds designated by the District for capital outlay purposes and transferred from the General fund. Remaining funds from State allocations for plant (scheduled maintenance and special repairs) are deposited in this fund. The District's projected uncommitted fund balance for this fund is \$13.3 million for 2025-26.

Bond Project Fund: The Bond Project Fund accounts for projects funded through the District's General Obligation Bond Authorization – Measure M (\$475 million). Under Measure M, the District issued the fifth series, Series E, for \$130 million on June 16, 2021 for a total Measure M issuance of \$465 million at June 30, 2025. Interest income on unspent bond proceeds is recorded in this fund. Measure A (\$265 million) has been fully issued and expended.

Bond Interest and Redemption Fund: Revenues from tax collections and expenditures from debt service payments for the District's Measure A and Measure M outstanding general obligation bonds are accounted for in this fund. The County Treasurer sets the appropriate tax rate to fund interest payments and principal retirement for the bonds. The projected ending fund balance at June 30, 2026 of \$16.3 million and \$46.1 million for Measure A and Measure M, respectively, is restricted for future debt service payments.

Other Debt Service Fund: Utilized to account for the accumulation of funds for long-term debt. The fund currently is used for recording vacation liability and banked leave for faculty.

Internal Service/Self Insurance Fund: The Self Insurance Fund accounts for the District's property, liability, workers' compensation, and dental programs. The General Fund recognizes the expense for these programs and then transfers the funds as revenues to

Summary of District Funds

this fund. Interest generated by the fund is another revenue source. The costs of self insurance claims are accounted for as expenditures. In addition, classified salaries dedicated to overseeing the programs and contracted administrative oversight are charged to the fund. Lastly, reinsurance costs above the self-insurance retention levels are accounted for in the fund.

Enterprise/Regional Performing Arts (Harris) Center Fund: In spring 2011, Folsom Lake College opened its Visual and Performing Arts facility which includes an 847 seat community theater. The theater is used both by the college's instructional program and as a venue for professional performances. The revenues and expenses for the operation of the community theater are recorded in this fund. In March 2022, VenueTech Management Group, Inc. was selected to assume management of Harris Center for the Arts day-to-day operations and performance programming. The District is working closely with VenueTech to transition to the new operating structure.

Fiduciary Fund - Student Financial Aid: This fund is utilized to account for Federal and State financial programs for students. The District projects nearly \$160.0 million in financial aid received for students in 2026-27 although this amount may increase during the year. Transfers from the General Fund reflect the District's match for certain programs and State general fund categorical programs that have a financial aid component. The fund is budgeted with a zero fund balance since the District merely acts as a "pass through."

Fiduciary Fund–Student Associations: This fund accounts for official Student Association activities in the District. Revenues are from student card sales, student representation fees, various fundraising events, and interest income. Expenditures provide

support and materials for the Student Association programs to operate.

Scholarship and Loan Fund: This fund accounts for District administered scholarships and loans. Donations are the major source of revenue and scholarships account for most of the expenditures with the exception of some minimal student loans. The funds projected ending balance of \$736,158 for 2025-26 is committed to future scholarship programs and SCC Fine Arts department needs.

Fiduciary Fund – Foundation: In 1998, the District converted its independent Foundation to an auxiliary organization of the District. The Los Rios Foundation operates under auxiliary status authorized by §59257 of the California Code of Regulations. By approving this change in status, the District's Foundation is under the approval of the District's Board of Trustees. The Foundation raises money for various activities, including program endowments, campus physical plant improvements, and scholarship support. The Foundation has a projected ending balance of \$28.7 million on June 30, 2026, which is virtually all committed to college purposes.

General Fund Financial Data Summary

REVENUE AND EXPENDITURE CLASSIFICATIONS

For reporting revenues and expenditures, uniform major account classifications are required of California community college districts. Following is a summation of the revenue and expenditure reporting classifications:

Revenue Classifications

- A. Base, COLA & Growth (Access)
- B. Federal
- C. State
- D. Local
- E. Other Financing Sources

Expenditure Classifications

- A. Academic Salaries (1000)
- B. Classified Salaries (2000)
- C. Employee Benefits (3000)
- D. Supplies and Materials (4000)
- E. Other Operating Expenses (5000)
- F. Capital Outlay (6000)
- G. Other Outgo (7000)
- H. Program and Other Improvements
- I. Instructionally-Related Activities

Using the above classifications, the 2026-27 General Fund budget for the District is summarized as follows:

UNRESTRICTED REVENUE SUMMARY

A. Base, COLA & Growth

The District's primary operational revenue is calculated using three factors: the amount funded in the prior year (base), cost of living adjustments applied to the base, and growth funds for serving additional students. The total of these three factors is referred to as

"Total Computational Revenue" (TCR) representing 72% of total General Fund revenues and approximately 87% of unrestricted resources. TCR is comprised of the following sources: state general apportionment, state Educational Protection Account (EPA), local property taxes (including revenues from Redevelopment Agencies (RDAs), and student enrollment fees. The Z budget projects nearly \$462.3 million will be received from these sources in 2026-27. The Z budget TCR level is \$23.0 million higher than the 2025-26's \$439.3 million.

B. Federal Revenues

Unrestricted federal revenue represents a small percentage of the total General Fund revenue. The District's General Fund Federal revenues are for administrative costs for Veteran's education and are projected at \$25,000 for 2026-27.

C. State Revenues

Unrestricted State revenues account for approximately 8% of the total General Fund budget. These revenues do not include general state apportionment, accounted for in Base, COLA and Growth. Major revenues from the State in this classification are unrestricted lottery funds, apprenticeship, and part-time faculty compensation. Total State revenues projected for 2026-27 are \$48.6 million, an increase from the 2025-26 final budget.

D. Local Revenues

Local revenues, excluding enrollment fees, account for approximately 3% of the total General Fund budget. Primary sources of local revenue include non-resident and international student tuition, interest income, community services fees, facility rentals, and student fees and fines.

General Fund Financial Data Summary

These sources along with other miscellaneous local revenue accounts total \$22.5 million for 2026-27, a slight decrease from the 2025-26 final budget.

E. Other Financing Sources

Other financing sources represent less than 1% of total General Fund revenue and includes transfers into the General Fund from other District funds. The amount for 2026-27 is \$187,258.

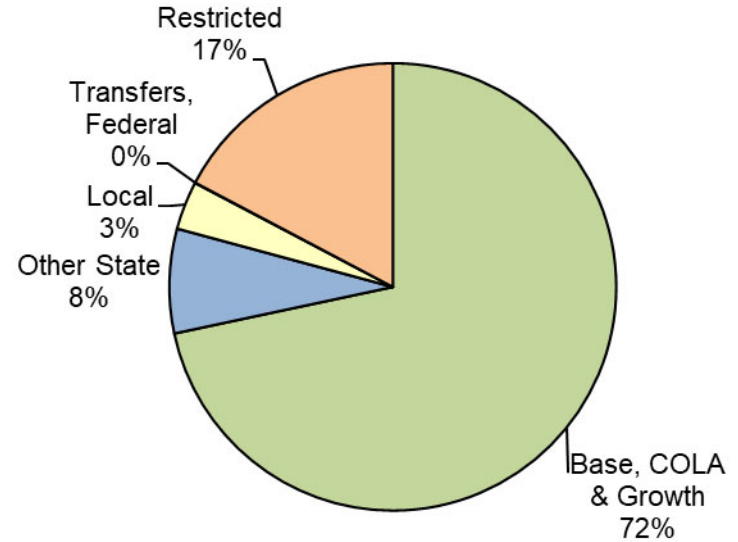

F. Restricted Revenues

Restricted revenues are resources available for the operation and support of educational programs that are specifically restricted by laws, regulations, donors, or other outside agencies as to their expenditure. Restricted funds are further categorized by source in terms of Federal, State and Local as well as revenues derived from parking fees and fines and the health service fee.

Parking revenues are restricted solely for the operation, maintenance and expansion of the District's parking lots.

Restricted State revenue 2026-27 budget includes \$4.4 million in one-time funding of the California Community College COVID-19 Recovery Block Grant. The funds are intended to be used on activities that directly support community college students and mitigate learning losses related to the impacts of the COVID-19 pandemic.

2026-27 GENERAL FUND BUDGET BY REVENUE SOURCE

APPROPRIATIONS SUMMARY

This section presents summarized information for the General Fund, excluding program and other improvements (X,Y,Z). More detailed information regarding unrestricted appropriations can be found in the General Fund Budget Guidelines and the Information sections.

For all account classifications, the District reserves appropriations for program and other improvements. These improvements, including compensation improvements, are tied to the realization of revenues above the X budget. At the end of each fiscal year, a determination is made regarding the net amount of resources available compared to compensation and program cost increases. After accounting for growth costs as well as compensation

General Fund Financial Data Summary

improvements such as step and class changes and fringe benefit increases, the calculation may result in a retroactive salary payment. Consistent with the comparability of restricted revenues between the current and budget year, the comparison of appropriations by account classification are affected by the difference in restricted revenues and the XYZ appropriations. The following information is inclusive of both unrestricted and restricted appropriations.

A. Academic Salaries

The 1000 series object codes are used to record salary expenditures for employees in academic positions requiring minimum qualifications pursuant to Education Code §87356. At tentative budget, \$208.6 million is appropriated for academic salaries. This is 36% of the total appropriations.

A consideration in the budget process is the “50% Law” requiring at least 50% of the current expense of education be for salaries and benefits of classroom instructors. The District reported instructional salaries and benefit costs at 50.26% of the total current expense of education for 2024-25. The 2025-26 report, to be filed in October 2026, is projected to be approximately the same.

B. Classified Salaries

Classified Salaries reflect appropriations for salaries of employees in positions that do not require minimum qualifications established by the Board of Governors. The 2000 series object codes are used to record classified salaries. 2026-27 appropriations for classified salaries are \$126.1 million. This accounts for 22% of the District’s General Fund expenditures.

C. Employee Benefits

Employee benefits, object code series 3000, represent all expenditures for the employer’s share of contributions to retirement plans, as well as costs for health and welfare benefits for current

employees and their dependents. The budget projects \$146.0 million will be expended on employee benefits in 2026-27, accounting for 25% of the 2026-27 budget. Employee benefits are generally segregated into two primary categories: 1) health and welfare benefits; 2) retirement benefits.

Health and welfare benefits are the District’s health, dental, disability, unemployment, and workers’ compensation programs. The District is self-funded for dental. Except for unemployment and workers’ compensation which are mandated programs, all health and benefit welfare programs are reviewed by the District’s Insurance Review Committee which is comprised of representatives from each employee group. The Committee seeks consensus on recommended changes and enhancements to the benefit programs. This approach provides consistency in the benefit programs for all employees and provides for a large pool for rating purposes.

Each employee group’s compensation formula includes a provision to fund increases in the District’s contribution toward medical and dental premiums. Employees may choose from multiple plans with the District funding the premium cost up to the level of the district contribution as established between the District and their unit. If an employee selects a plan with a premium higher than the district contribution, the difference is paid by the employee. Effective January 1, 2026 there was an increase of \$142/month for the medical plan selected by most employees. The 2025-2026 rates are effective through December 31, 2026.

All employee groups have a term life insurance benefit of \$50,000. The total cost of the benefit is \$4.25 per employee per month in 2026-27. The initial funding of this benefit was shared between the District and the employee groups.

Retirement (pension) benefits are primarily a function of salary and are for employer contributions to either the State Teachers’ Retirement System (STRS) for academic personnel or the Public

General Fund Financial Data Summary

Employees' Retirement System (PERS) for classified personnel. Academic salaries in general are not subject to Social Security. Classified employees are subject to Social Security thereby increasing the percentage of employee benefit costs for classified employees. Both groups are subject to the Medicare portion of Social Security. The District also provides a contribution toward post-retirement health benefits for eligible retired employees. That program is fully funded for past service but requires an annual contribution for active employees.

Following is a summary of the District's 2026-27 premiums for health and welfare benefits as well as statutory benefits.

Health & Welfare Benefits

Health Insurance	\$1,551.88/month average (Kaiser HDHP)*
Dental Insurance	\$ 122.00/month (projected)
Life Insurance	\$ 4.25/month
Long Term Disability	\$.21/\$100 of covered payroll
Workers' Compensation	.35%

*Reflects the Kaiser HDHP premium, the primary health insurance plan selected by employees.

Statutory Benefits

STRS	19.10%
PERS	26.40%
Unemployment	.0575%
OASDI	6.20%
Medicare	1.45%

D. Supplies and Materials

The Supplies and Materials classification 4000 is used to record all expenditures for instructional and non-instructional supplies and materials, including costs of freight, sales/use tax and handling charges. Supplies and materials are items that are expendable and quickly consumed or easily broken, damaged, or lost. It is currently projected that nearly \$6.1 million will be expended in 2026-27 on

supplies and materials, 1% of the 2026-27 expenditures.

In administering the discretionary budgets, the colleges and departments are allowed to transfer budgets between non-regular salary and non-benefit accounts. Funds originally allocated to supplies and materials may be re-appropriated across object codes. Because of this and the inclusion of carryover funds in 2025-26, comparisons across the two years are difficult.

E. Other Operating Expenses

Object classification 5000 is used for expenditures for services, leases, rents, travel, and other operating expenses. At tentative, approximately \$84.6 million is budgeted, representing 15% of the total General Fund expenditures. Again, because allocations can be moved across operational accounts, comparisons to prior years Other Operating Expenses may be difficult.

F. Capital Outlay

Capital Outlay is used for the acquisition of fixed assets or additions to fixed assets including land and site improvements, building purchase, construction or improvement, and equipment. The District uses a minimum value of \$5,000 for capital outlay items. At tentative budget, approximately \$460,000 is appropriated for Capital Outlay, less than 1% of the total General Fund expenditures. It is important to note that many of the District's equipment purchases are recorded in the Capital Outlay projects fund. Therefore, the actual expenditures for assets are greater than what is reflected in the General Fund.

G. Other Outgo

The Other Outgo classification is used to record other expenses and non-expenditure disbursements, including inter-fund transfers. At tentative budget, it is projected that \$4.9 million will be transferred in 2026-27, nearly 1% of the total General Fund expenditures.

General Fund Financial Data Summary

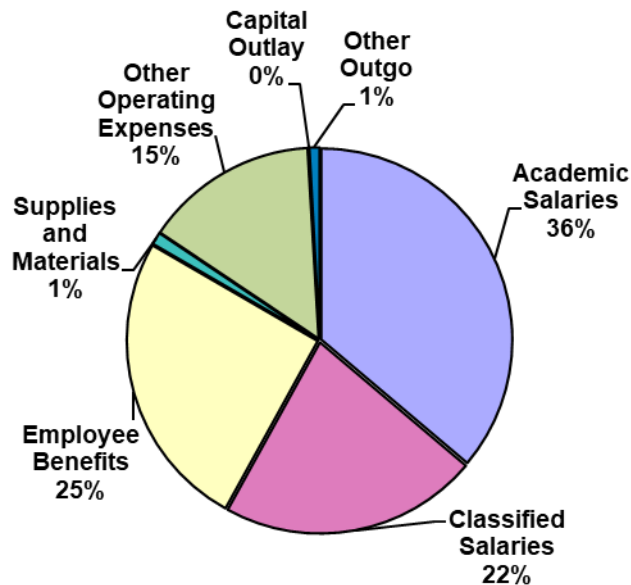

H. Program and Other Improvements

As described earlier, these appropriations are reserved until the end of the fiscal year when revenues can be reasonably determined as well as the related costs.

I. Instructionally-Related Activities, General Fund sub-fund

These funds represent revenues received from local activities, such as gate receipts, as well as the General funds in support of student and instructional programs. These funds are part of the General Fund but are not included in the above narrative due to the nature and use of the funds.

General Fund Detail

The following pages present expenditure and appropriation information for the District's General Fund. The first section is the combined total for all four colleges and the district office, including certain centralized functions categorized as district support.

The information compares full-time equivalent position information as well as appropriations for the 2025-26 year and appropriations for the 2026-27 year. These schedules are shown by the budget guideline values used in categorizing appropriations.

District Reserves – Fund Balances

Fund balances and reserves are often desirable to fund future program commitments and potential economic uncertainties. The California Community Colleges Chancellor’s Office has recently updated its recommendation, suggesting that community college districts maintain a General Fund reserve equivalent to at least two months of total operating expenditures. Los Rios policies require the General Fund to hold an uncommitted reserve of at least 5% of revenues.

The District’s ending balance not only meets this requirement—with a total uncommitted fund balance, including instructionally related funds, amounting to 14.4% of revenues—but also closely aligns with the state’s recommendation, with an unrestricted general fund balance of 13.3% of unrestricted expenditures. Outlined below is a summary of all the projected fund balances for the District’s various fund activities:

	General Fund	Instructionally Related Fund	Child Development Fund	Capital Projects Fund	Bond Projects Fund (Measure M)	Bond Interest & Redemption Fund (Measures A & M)	Other Debt Service Fund	Enterprise/Regional Performing Arts Center Funds	Fiduciary/Student Association Fund	Scholarship & Loan Fund	Foundation Fund	Retiree Benefits Fund
Beginning Fund Balance – July 1, 2025	<u>\$210,657,212</u>	<u>\$5,622,570</u>	<u>\$347,147</u>	<u>\$262,040,882</u>	<u>\$49,520,398</u>	<u>\$62,325,424</u>	<u>\$59,944</u>	<u>\$1,658,345</u>	<u>\$1,084,444</u>	<u>\$ 727,158</u>	<u>\$32,729,672</u>	<u>\$11,096,858</u>
Projected Uncommitted Fund Balance	\$76,944,707	\$223,302	\$272,237	\$13,300,000				\$1,359,457	\$66,801		\$ 3,893,555	
Committed Fund Balance	7,957,388						\$59,944		42,163	\$736,158	24,785,617	\$10,919,096

Fiscal Health Assessment

Fiscal Health Risk Analysis for Community Colleges

District:

Los Rios Community College District

Total Risk Score, All Areas

5.1%*

Response

Annual Independent Audit Report

1.1 Has the independent audit report for the most recent fiscal year been completed and presented to the board by the statutory timeline of December 31? (Extensions of the timeline granted by the Chancellor's Office should be explained.)	yes
1.2 Were the district's most recent and prior two independent audits reports free of material findings of weakness?	yes
1.3 Has the district corrected all audit findings from the recent and prior two audits?	n/a
1.4 Has the district corrected the most recent and prior two years' audit findings without affecting its fiscal health (e.g., material apportionment or internal control findings)?	n/a

Section Score (0.5% maximum):

0.0%

Self-assessment notes:

* The Fiscal Crisis Management Assistance Team (FCMAT) developed the Fiscal Health Risk Analysis as a tool to help evaluate community college's fiscal health and risk of insolvency in the current and two subsequent fiscal years. A score of 40% or more is considered high risk; a score of 25%-39% is considered moderate risk; a score of 24% or lower is considered low risk.

Budget Development and Adoption

2.1 Does the district develop and use written budget assumptions and multiyear projections that are reasonable, clearly articulated, and aligned with the signed state budget and the Student-Centered Funding Formula (SCFF)?	no
2.2 Does the district use a budget development method other than a prior-year rollover budget, and if so, is there a procedure to evaluate prior year and future expenses (nonfixed expenditures, supplies, adjunct and other hourly positions) and removal of one-time revenues and expenses?	yes
2.3 Does the district use position control data for budget development?	yes
2.4 Does the district coordinate program review as part of the budget development process and include input from faculty/staff, administrators, the governing board, and the budget committee in accordance with a documented planning model?	yes
2.5 Does the budget development process include an explanation of the calculation of the SCFF (base full time equivalent students [FTES], supplemental low income and student success portion of the funding) with reasonable assumptions?	yes
2.6 Does the district budget and expend restricted funds as authorized by the funding source before expending unrestricted funds?	yes
2.7 Does the district have a documented policy and/or procedure for evaluating the proposed acceptance of grants and other types of restricted funds to assess their congruence with the institution's strategic plan and the potential multiyear impact on the district's unrestricted general fund?	yes
2.8 Are expected revenues (not based on actuals) more than or equal to expected expenditures (not based on actuals) in the district's adopted budget (budget is not dependent on carryover funds to be balanced)?	yes
2.9 Has the district refrained from using negative or contra expenditure accounts (excluding appropriate abatements in accordance with the Budget and Accounting Manual [BAM]) in its budget?	yes

Fund Balance and Reserve for Economic Uncertainty

In this section, all questions refer to the Unrestricted General Fund (URGF).

11.1 Has the district adopted policies to maintain sufficient unrestricted reserves with a suggested minimum of two months of general fund operating expenditures or revenues, consistent with Budgeting Best Practices published by the Government Finance Officers Association, which they have followed?	no
11.2 Did the district's adopted budgets for the subsequent two years include at least two months of operating expenditures in the Reserve for Economic Uncertainty?	yes
11.3 Does the district have at least a minimum of two months of general fund operating expenditures or revenues in the Reserve for Economic Uncertainty in its budget projections for the two subsequent years?	yes
11.4 If the district's budget projections for the subsequent two years do not include at least a minimum of two months of general fund operating expenditures or revenues in the Reserve for Economic Uncertainty, does the district's multiyear fiscal plan include a board-approved plan to restore at least the Reserve for Economic Uncertainty to at least a minimum of general fund operating expenditures or revenues?	n/a
11.5 Is the district's projected unrestricted general fund ending balance stable or increasing in the two subsequent fiscal years?	yes
11.6 If the district has unfunded or contingent liabilities or one-time costs other than post-employment benefits, does the unrestricted general fund balance include sufficient reserves above the recommended minimum reserve level of two months of operating expenditures?	yes

Section Score (5.7% maximum):

2.0%

Self-assessment notes:

The District has historically maintained sufficient unrestricted reserves with a minimum of two months of general fund operating expenditures and revenues, but the District has not updated policy to the new suggested Budgetary Best Practices published by the Government Finance Officers Association.
