

1.0 Privacy

- 1.1 The Systems are Los Rios Community College District property provided for authorized use described in the District policies, regulations, and guidelines and are subject to monitoring at any time, consistent with law, with or without notice, at management's sole discretion.
- 1.2 Absolute privacy of user data cannot be guaranteed for a number of technical, legal and economic reasons. Among them are limitations in software and hardware technology, limited personnel and financial resources, and human error. The district cannot, given these limitations, guarantee the privacy of user data.
- 1.3 This policy does not limit the meaning or scope of state law provisions regarding confidentiality of employee records.
